

In addition to the general government policy of investment incentives, Danang city offers investors preferential land rent from 5,250 VND/m²/year to 10,500 VND/m²/year (investors do not pay VAT); infrastructure using fee of 4,200 VND/m²/year ; waste water treatment charges of from 4,200 to 6,300 VND/m³.

For special projects (such as that of large investment capital, or that with high rate of R&D or the project together with supporting industries), Danang People's Committee will consider to offer more special privileges.
