

To be granted investment certificate in DHTP, investors must implement two procedures: technology evaluation and registration for investment certificate issuance.

DHTP Management Board is the direct unit to evaluate the technology and verify the project to issue investment certificate. In some cases, DHTP Management Board will collect opinions from ministries and other relevant authorities.

Investors do not pay any fee relating to technology evaluation and certificate issuance.

The period of time for technology evaluation is 18 working days from the date of receiving fully appropriate dossiers. The period of time for investment certificate issuance is from 6 to 12 days depending on the scale and nature of the project.

* Procedure 03/QT-BQLKCNC dated November 20th 2012 on resolving dossiers of registration for investment certificate issuance.
